

20 December, 2010

The State Administration of Road Transport
and Communications of Ukraine

Your letter dated 13 December, 2010

Permits for the year

You have sent a letter dated on 13 December 2010 in which you ask for more road transport permits for this year. We understand the need, but unfortunately we do not have any printed permits for the current year left and we do not have enough time to print new ones.

In order not to hinder the trade between Finland and Ukraine, the Transport Policy Department on the Ministry of Transport and Communications will accept the bilateral/transit permits (blue) labelled for the year 2011 to be used already this year.

We ask you to attach a copy of this letter to the bilateral permit for those Ukrainian carriers who will use the 2011 permits already this year.

Director-General

Minna Kivimäki

Senior Adviser

Jorma Hörkkö
